

SLP 2500Y – Advanced Internship - Recommended Course Schedule:

The following schedule outlines minimum expectations and guidelines concerning clinical activities appropriate during this course. In particular, it provides guidelines concerning a student's involvement in observation, shared clinical practice and supervised clinical practice within the total of **20 – 25 hours per week** recommended for such activities.

Students are required to complete assessment and treatment plans for all sessions that are reviewed by the clinical educator (CE) in addition, the CE should consider the use of regular journaling as a requirement for students to document their observations and progress.
